

## **WHEN FUNDS ARE AVAILABLE FOR WITHDRAWAL AND DEPOSIT HOLDS**

Our policy is to make funds from your cash and check deposits available to you on the first business day after the day we receive your deposit. However, in some cases we place a hold on the funds that you deposit by check. A hold results in a delay of when the funds are available for you to use. When we decide to place a hold at the time you make your deposit, the teller gives you a notice that lets you know the funds are on hold. The hold notice will let you know the date when the funds will be available for you to use. In some cases, you will not get the hold notice from the teller, but later by mail. You can avoid holds by using direct deposit or wire transfer.

In many cases, we make funds from your deposited checks available to you sooner than we are able to collect the checks. This means that, from time to time, a deposited check may be returned unpaid after we made the funds available to you. Please keep in mind that even though we make the funds from a deposited check available to you and you withdraw the funds, you are still responsible for the problems with the deposit. If a check you deposited is returned to us unpaid for any reason, you will have to repay us and we may charge your account for the amount of the check, even if doing so overdraws your account. You may incur NSF fees should you depend on these monies before the hold has ended. Regulation CC that determines the rules for the availability of funds deposited does not apply to savings or insured money market accounts.

## **YOUR ABILITY TO WITHDRAW FUNDS**

Our policy is to make funds from your cash and check deposits available to you on the first business day after the day we receive your deposit. Electronic direct deposits will be available on the day we receive the deposit. Once they are available, you can withdraw the funds in cash and we will use the funds to pay checks that you have written.

For determining the availability of your deposits, every day is a business day, except Saturdays, Sundays, and federal holidays. If you make a deposit before 4:00 PM on a business day that we are open, we will consider that day to be the day of your deposit. However, if you make a deposit after 4:00 PM or on a day we are not open, we will consider that the deposit was made on the next business day we are open.

## **LONGER DELAYS MAY APPLY**

In some cases, we will not make all of the funds that you deposit by check available to you on the first business day after the day of your deposit. Depending on the type of check that you deposit, funds may not be available until the second business day after the day of your deposit. The first \$200 of your deposits, however, may be available on the first business day.

If we are not going to make all of the funds from your deposit available on the first business day, we will notify you at the time you make your deposit. We will also tell you when the funds will be available. If your deposit is not made directly to one of our employees, or if we decide to take this action after you have left the premises, we will mail you the notice by the day after we receive your deposit.

If you will need the funds from a deposit right away, you should ask us when the funds will be available.

In addition, funds you deposit by check may be delayed for a longer period under the following circumstances:

- We believe a check you deposit will not be paid.
- You deposit checks totaling more than \$5,000 on any one day.
- You redeposit a check that has been returned unpaid.
- You have overdrawn your account repeatedly in the last six months.
- There is an emergency, such as failure of computer or communications equipment.

We will notify you if we delay your ability to withdraw funds for any of these reasons, and we will tell you when the funds will be available. They will generally be available no later than the seventh business day after the day of your deposit.

### **SPECIAL RULES FOR NEW ACCOUNTS**

If you are a new customer, the following special rules will apply during the first 30 days your account is open.

Funds from electronic direct deposits to your account will be available on the day we receive the deposit. Funds from deposits of cash, wire transfers, and the first \$5,000 of a day's total deposits of cashier's, certified, teller's, traveler's, and federal, state and local government checks will be available on the first business day after the day of your deposit if the deposit meets certain conditions. For example, the checks must be payable to you and deposited in person to one of our employees. The excess over \$5,000 will be available on the ninth business day after the day of your deposit. If your deposit of these checks (other than a U.S. Treasury check) is not made in person to one of our employees, the first \$5,000 will not be available until the second business day after the day of your deposit.

Funds from all other check deposits will be available on the twenty first day after the day of your deposit.

### **HOLDS ON OTHER FUNDS (Check Cashing)**

If we cash a check for you that is drawn on another bank, we may withhold the availability of a corresponding amount of funds that are already in your account. Those funds will be available at the time funds from the check we cashed would have been available if you had deposited it.

### **HOLDS ON OTHER FUNDS (Other Account)**

If we accept for deposit a check that is drawn on another bank, we may make funds from the deposit available for withdrawal immediately but delay your availability to withdraw a corresponding amount of funds that you have on deposit in another account with us. The funds in the other account would then not be available for withdrawal until the time periods that are described elsewhere in this disclosure for the type of check that you deposited.
